**I. Call to Order (3:04 p.m.)**

The meeting was called to order by the Chair at 3:04 p.m. After a roll call, the presence of a quorum was noted.

The Chair suggested revising the proposed order of the draft agenda to consider Regents' Policy 1.6 first, followed by Regents' Policy 1.5, and to permit public comment during the consideration of each specific Agenda item.

**Motion to Approve Revised Agenda:** Chairman Schwartz

**Second:** Vice Chair Rael

**Vote:** Voice vote, unanimous in the affirmative

**Motion:** Approved

THE UNIVERSITY OF NEW MEXICO BOARD OF REGENTS  
GOVERNANCE COMMITTEE  
April 27, 2022 – 1:00 p.m.

**II. Comments from Regents**

Committee members had no additional comments and proceeded directly to consideration of the first agenda item.

**III. Public Comments**

*Please see Agenda Item V, below, where the Chair yielded to Mr. Scott Sanchez during the discussion of Regents' Policy 1.5.*

**IV. Discussion and Possible Recommendation—Revisions to Regents' Policy TAB 1  
1.6, "Special Recognition and Awards" (3:09 p.m.)**

The Chair noted that there are many awards presented by the University of New Mexico, but that this particular Regents' Policy deals *only* with the way the Regents select awards. Regent Brown suggested that a process needs to be articulated for nominations, and that a committee should be created to approve winners and to determine the appropriate venue for presenting any Regents' awards. There was general agreement that the process for soliciting and selecting honorary degrees was perhaps not as robust as it should be.

The Chair referred to Terry Babbitt's clarifying memo creating a *Regents Special Recognition and Awards Committee* (SRAC), tasked with overseeing these awards (*see TAB B*). The Chair queried the committee on exactly how much direction the Governance Committee should give to the SRAC in creating the formal process, or whether to have the SRAC create a process, which would then be submitted to the Governance Committee for formal approval. The consensus was that the SRAC should be given the flexibility to create the process for submission and approval.

The Chair suggested that the language be modified to add a "special commendation" for nominees who might miss the final cut for any award, but still deserve some kind of recognition. The Chair also suggested it be made clear that the formal process is organized by the President and the Chair of the Board of Regents.

Regent Brown suggested that the SRAC should include members from outside of the immediate UNM community. The Chair noted that the current language was flexible enough to permit a wide swath of members to be appointed, so no changes should be needed in the language suggested in the Babbitt memo.

**Motion to Approve Amendments to Regents' Policy 1.6:** Vice Chair Rael

**Second:** Regent Brown

**Vote:** Voice vote, unanimous in the affirmative

**Motion:** Approved

*Discussion: Hiring of a Student Researcher (3:16 p.m.)*

Following the vote, the Chair suggested that it would perhaps be useful to hire a student to research similar policies at other institutions to better advise the Committee on formal processes and the potential

GOVERNANCE COMMITTEE

impact of any amendments. The Chair suggested that he be permitted to hire such a researcher, within the limitations of the budget. The Vice Chair supported this suggestion, and the Committee suggested taking this matter to the full Board for further discussion.

Regent Brown suggested that perhaps every committee could be “put under the glass” to review their activities, and recommended the Regents consider a periodic review of all standing committees. No formal action was taken.

Discussion: Committee Meeting Schedule (3:18 p.m.)

Counsel asked about setting a standing schedule for the Committee, suggesting that a quarterly meeting would be the most appropriate, pending any necessary business. The Chair suggested the Committee meet “as needed,” as there may be structural issues that take multiple meetings to resolve. Counsel advised the Committee set a few meeting dates in advance, to ensure adequate planning and coordination of calendars.

The Chair further suggested that the Committee consult with the Board to determine the most appropriate course of action for the Committee. Vice Chair Rael supported examining the defined scope of the Committee, and consulting with the Board to perhaps re-order the Committee’s priorities.

Counsel said she would examine the initial charge to the Committee and review prior minutes to advise the Committee on the most appropriate course of action, and potential schedule, moving forward.

**V. Discussion and Possible Recommendation—Revisions to Regents’ Policy TAB 2  
1.5, “Appeals to the Board of Regents” (3:23 p.m.)**

The Chair began the discussion by yielding to Scott Sanchez, President, UNM Staff Council, for comments. Mr. Sanchez noted that as the revised policy was in response to a lengthy appeals process, it was vital for stakeholders to continue to be a part of the conversation—and staff council had not yet had the opportunity to check in on the issue, and that a more formal proposal was needed for comment. The Chair reclaimed the floor and agreed that this was a reasonable suggestion.

Regent Brown expressed his concern that some appeals were being presented to the Regents without having been through the Office of the President first, as required by current policy, and that this was not only shortcutting the process, but was also unfair.

Counsel provided the Committee with the number of appeals that have gone before the President and then the Board:

- **2017 – 2021, Office of the President:** processed 69 appeals, the majority of which were appeals from students related to OEO or PEO complaints.
- **2014 – 2021, Board of Regents:** processed approximately 30 appeals, the majority of which were from students, largely related to OEO or PEO complaints. **It was noted by the Chair that none of these appeals had come before the Regents any time in the last three years.**

The Vice Chair asked how many cases appealed to the Regents had then be remained back to the President. Ms. Reviere responded there were only four cases acted upon.

THE UNIVERSITY OF NEW MEXICO BOARD OF REGENTS  
GOVERNANCE COMMITTEE

April 27, 2022 – 1:00 p.m.

The Chair posited a number of questions he thought would need to be further clarified in any revised policy, including:

- What cases can be appealed?
- What kinds of cases are mandatory for the Regents hear?
- What is the process? Specifically—
  - When does the appeal have to be noted?
  - Is there a certain required waiting period or deadline?
  - What documents have to be filed?
  - Do the Regents sit as a seven-member court, or can they appoint a fact-finding committee to take care of this? If so, how big is the committee? Can the regents refer to a hearing officer who takes evidence and then makes a recommendation to the Regents?
- What is the role of the President/Regents in the appeals process under the new collective bargaining process?

General discussion ensued about what kinds of cases trigger a “mandatory review” by the Regents, including removal of tenure or imposition of long-term penalties through an administrative process. Regent Brown pointed out the process for those cases was already specific and arduous; the Chair reiterated that it was important to give employees a non-university-affiliated structure where they can plead their case.

The Vice Chair articulated that the current appeals process may not actually be broken, as the cases that have been presented to the Regents haven’t been overly burdensome, and have been given a thoughtful, thorough review by the Board.

The Chair was concerned that the Regents had not been as diligent in their role in the appeals process as he might have hoped. “I don’t think over the last three years we’ve taken our role as seriously as we should have,” he noted, as “it was seen as too complicated.”

Regent Brown pointed out that it was *not* the responsibility of the Regents to check every fact in any appeal, but rather do a thorough review of the process to ensure the required roadmap has been followed. There was consensus that the role of the Regents should be clarified to specify the Regents’ role in any appeal was to ensure a ‘procedurally-proper decision.’

Counsel reiterated that collective bargaining will lay out a firm process and what is covered under such a process, and that the entire institution, not just the Regents, will have to explore how collective bargaining may affect existing policies and what will need to be modified. Counsel noted that the current Regent policy in 1.6 was very broad, and perhaps the Regents should amend the language to ensure they were only involved in a “final” decision.

Regent Brown restated that it must be made clear that the process requires any appeal to go through the Office of the President before it is presented to the Board. No appeal can circumvent the process.

The Chair wanted to ensure that any policy does not “promise more than we can provide”; that is, it should not promise a substantive review of every issue. As Regent Brown noted, “we are not in the habit of calling witnesses or doing an independent investigation.”

Mr. Babbitt posited that the process was not broken, as appeals were being given a very thorough review, with the Office of the President examining countless of documents and artifacts for each appeal that has

GOVERNANCE COMMITTEE

gone through its office. Mr. Babbitt said he would be supportive of the President having the option of delegating to another entity for a thorough documentary review, as the process was very time consuming.

The Chair agreed that the President's review was thorough and that the Regents, too, needed to ensure it approached appeals with this kind of rigor. The Chair asked how it might ensure it could ease the administrative burden on the president, based on the requirement that the Regents do not get involved until the President has heard the appeal? The Chair suggested that language might be added to specify appeals cannot come to the Regents until "final decision of the President or her designee." Mr. Babbitt said he would be supportive of this language, especially as the President currently reviews more than twenty appeals annually.

Counsel stated that she would put together a flow chart of the appeals process, so Regents will have a clear idea of how thorough the review appeals process has been by the time it gets to them.

The Chair recommended the language reflect that the Regents (1) maintain their authority to hear appeals only of "final decisions of the president or her designee"; (2) that all reviews by the Regents will be discretionary; (3) that there are certain cases that shall not be subject to further review. The real question was the process for those appeals that would be permitted.

Counsel encouraged the Committee to compress the time frame for appeals, as well as a solid end-date so appellants would be assured that the process *will* have an end result. The Chair suggested a ten-day window to appeal, with the Regents having 90 days to make their decision. Counsel also suggested language should clarify the standard for the appeal. Is it a violation of the *procedure* (i.e. due process)? Or something substantive that requires fact-finding?

Counsel promised to draft a revised policy for further review, perhaps in time for the March 22 Regents' meeting.

**No action was taken, as no final policy was placed on the table for consideration.**

**VI. Other Discussion**

Committee members had no other items for discussion.

**VII. Adjournment (4:19 p.m.)**

# Regents' Policy Manual - Section 1.6: Special Recognition and Awards

Adopted Date: 09-12-1996

Amended: 11-14-1996

## Applicability

This policy applies to awards of honorary degrees and other types of special recognition given on behalf of the University at the discretion of the Board of Regents. This policy does not preclude other kinds of awards and recognition by other units or officials of the University.

## Policy

It is the practice of the Board of Regents of the University to recognize from time to time the contributions of special people to the University, to the state of New Mexico, or to the national or international community. The Board has established the following awards for this purpose.

1. **Honorary Degrees.** The University of New Mexico wishes to recognize and thereby encourage individuals by awarding special honors to those persons who have contributed significantly to the cultural or scientific development of the Southwest, or to the spiritual or material welfare of its people. At the same time, due regard should be paid to eminent individuals and scholars whose contributions are of general significance and transcend geographic limitations. In no case should a passing courtesy to the University of New Mexico, such as the delivery of a commencement address, be the sole or principal cause for such honorary awards. The award of an honorary degree to a person seeking or holding a political office does not indicate endorsement by the University of New Mexico. Political involvement should not prevent selection of an individual for an honorary degree.

It is not the University's policy to award honorary degrees to active members of the faculty, staff, or administration. This does not preclude, in an exceptional case, the awarding of an honorary degree to an emeritus member of the faculty or to a former employee whose stature remains or becomes eminent in the years following active service with the University. In such exceptions, sufficient time shall have elapsed to insure objectivity in the process of selection.

Honorary degrees will be awarded only upon the approval of the Regents, based on recommendations from the Honorary Degree Committee, whose membership is set out in the Faculty Handbook.

2. **Regents' Meritorious Service Medal.** The Regents' Meritorious Service Medal will be awarded to a member or members of the faculty and staff of the University of New Mexico in recognition of extraordinary and distinguished service to the University.

The criteria for the faculty award will be outstanding teaching, service to students, research, scholarship, publications, performance in faculty and University governance, or other such contributions which have enhanced the institution.

The criteria for the staff award will be outstanding performance of duties and meritorious service which have enhanced the University.

Nominations for these awards may be submitted to the President by students, faculty, and staff. The final decision will be made by the Regents.

3. **Regents' Recognition Medal.** The Regents' Recognition Medal will be awarded by the Regents of the University of New Mexico to a person or persons, other than faculty or staff, who have performed outstanding service to the institution.

The criteria for the award will be extraordinary and unselfish assistance to the University over an extended period of time. However, a single service might be recognized if, in the judgment of the Regents, circumstances warrant. Selection will be made by the Regents.

4. **The University Medal.** The University Medal will be awarded by the Regents of the University of New Mexico to a person of national or international accomplishment deserving of high honor.

In keeping with the universal nature of the knowledge and public service which are embodied in the very essence of the University, the University Medal will be used to express the appreciation of the University for the accomplishments and contributions of the individual, which may be in any field of knowledge or public service of national or international character. No limits of residence or national origin are to be placed on this award.

Since the desirability of honoring such persons should be both obvious and compelling, the Regents will not grant this award on a systematic basis, nor institute fixed time periods for making the award. The medal will be awarded only in the event that the attainments of a qualified individual are such that the administration and Regents are persuaded that this rare and special recognition is clearly deserved.

## Implementation

Awards will be a silver alloy medal, or other appropriate device, bearing the seal of the University of New Mexico and other appropriate designs and will be accompanied by a certificate upon which the nature of the service will be cited.

From: Terry H. Babbitt   
Chief of Staff

Re: Regents Special Recognition and Awards

This is follow-up to President Stokes' information gathered at your request regarding recommendations to revise Regent Policy 1.6. We continue to enthusiastically support your interest in improving this policy to enhance the opportunity to use these very meaningful tools to recognize outstanding accomplishments and our great supporters within and outside of the university community.

I am including a mark-up of the current policy that has some edits from the 2017 recommended revisions to Regent policy along with suggested guidance from President Stokes and her team. The highlights to consider are referenced below.

- The 2017 reviews included a recommendation to change the Regents' Meritorious Service Medal Regents' Recognition Medal to "Awards" instead of medals. We believe this should be a Regents decision.
- The "Implementation" section was recommended for deletion in 2017 but the team feels strongly it should be retained and enhanced to clarify the process. The language is intended to allow the University President the maximum latitude to appoint a committee, gather nominations and make a recommendation to the Board of Regents. It calls for a small, manageable committee that is representative of various constituents.
- Specific physical description of the actual award to be presented was recommended for deletion by some to allow flexibility to design the artifacts. There could be some historical nostalgia regarding the specific description and Regents should decide if this is important to retain.

We appreciate the anticipated guidance from the Governance Committee before presenting a policy revision at the next appropriate Board of Regents meeting as an action item.

Commented [TB2]: The 2017 revisions recommend changing the #2 and #3 awards from "Medals" to "Awards."

## Implementation

Potential recipients of the Regents' Meritorious Service Medal, Regents' Recognition Medal and The University Medal will be reviewed by the Regents Special Recognition and Awards Committee appointed by the University President. The Committee will review the nominations and charge provided by the President and compile recommendations for the President to present to the Board of Regents.

Commented [TB3]: The intent is to have one committee recommend the appropriate recipients for the various awards. The President will consider the committee report on nominations and make a recommendation to the BOR for action. The President's charge will include parameters and vetting to take place as part of the review. Honorary Degrees are not included because there is an existing process.

The Regents Special Recognition and Awards Committee membership will include: At least one (1) member selected by the University President; one (1) member of the general faculty recommended by the Faculty Senate; one (1) staff member recommended by Staff Council; one (1) member recommended by the Graduate and Professional Student Association (GPSA) and one (1) member recommended by the Associated Students of the University of New Mexico. Additionally, the University President will appoint the committee chair from within or outside this membership and may add additional representation from the UNM Foundation, health sciences, athletics, branch campuses, alumni and other constituent groups.

Commented [TB4]: Membership based on some information from honorary degrees, naming etc. This represents broad constituency because faculty, staff, students and community members are all eligible for various medals.

Awards will be a silver alloy medal, or other appropriate device, bearing the seal of the University of New Mexico and other appropriate designs and will be accompanied by a certificate upon which the nature of the service will be cited.

Commented [TB5]: This line was recommended for deletion by some to allow for maximum flexibility in award design.

# Regents' Policy Manual - Section 1.5: Appeals to the Board of Regents

Adopted Date: 09-12-1996

## Applicability

This policy applies to appeals of administration, faculty, student government, or hearing board decisions to the Board of Regents.

## Policy

Faculty, staff, or students affected by a decision of the administration, faculty, student government, or hearing board may appeal the decision to the Board of Regents. The Board has discretion to determine whether the appeal will be considered, except for those appeals from decisions of the Academic Freedom and Tenure Committee which the Board is required to hear. The Board may refer appeals to a committee of the Board for recommendation as to whether the appeal should be heard.

## Implementation

A person wishing to appeal a decision to the Board must submit a written petition to the Board through the President of the University. The petition must be filed within thirty (30) days from the date the decision being appealed was rendered, unless expressly provided by University policy to the contrary. The petition must describe the decision being appealed and the basis for the appeal.

In considering whether to take a discretionary appeal and in considering the appeal itself, the Board (or a committee if one is appointed to consider whether an appeal should be heard) may request written briefs, oral arguments, or both.

The Board shall render its final decision within 90 days from the date the appeal was filed unless a delay is requested by one of the parties and approved by the President of the Board. If no decision is rendered within the deadline, the appeal shall be deemed denied.

## **Applicability**

This policy applies to all appeals of University decisions to the Board of Regents except those where a collective bargaining agreement provides a different and exclusive remedy.
